INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of City Council
City of Brigantine
County of Atlantic, New Jersey

Report on the Financial Statements

Opinions

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the City of Brigantine, as of December 31, 2021 and 2020, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2021 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the City of Brigantine as of December 31, 2021 and 2020, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets and account group as of December 31, 2021 and 2020, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2021 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the City of Brigantine and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles.

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Brigantine on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Brigantine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division of Local Government Services will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division of Local Government Services, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Brigantine's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether in our judgement there are conditions or events considered in the aggregate, that raise substantial doubt about the City of Brigantine's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Brigantine basic financial statements. The supplementary information listed in the table of contents and schedule of expenditures of federal awards and schedule of state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and NJ OMB 15-08 respectively, and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed in the table of contents, schedule of expenditures of federal awards and the schedule of state financial assistance are fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2022, on our consideration of the City of Brigantine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Brigantine's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Brigantine is an island community in the County of Atlantic, State of New Jersey. The City comprises an area of approximately 6.39 square miles with a population according to the 2020 census of 7,716.

The City is incorporated and operates under a Mayor - Council form of government. The Mayor is the chief officer of the City. The Council exercises the legislative power. The Manager oversees the day-to-day operation of the City. The Mayor and Council members are elected by the voters and the Manager is appointed by the Mayor and Council.

Except as noted below, the financial statements of the City of Brigantine include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the City of Brigantine, as required by N.J.S. 40A:5-5.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. The City has no component units.

B. Description of Funds

The accounting policies of the City of Brigantine conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with the respect to public funds. Under this method of accounting, the City of Brigantine accounts for its financial transactions through the following separate funds:

Current Fund -- resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds -- receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund -- receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

Water and Sewer Operating and Capital Funds -- account for the operations of the water and sewer utility and acquisition of capital facilities of the municipally owned water and sewer utility.

Golf Course Utility Operating and Capital Funds -- account for the operations and acquisition of capital facilities of the municipally owned golf course. The City's Golf Course Utility Funds were eliminated by Ordinance 22-2019. The operations of the Golf Course are now a part of the City's Current Fund.

General Fixed Assets Account Group -- All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020
(CONTINUED)

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant policies in New Jersey follow.

A modified accrual basis of accounting is followed with minor exceptions.

Revenues -- are recorded as received in cash except for certain amounts, which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the City budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund, in addition the receivables for utility billings are recorded with offsetting reserves in the Utility Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures -- are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Appropriation reserves covering unencumbered appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the Governing Body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; interest on utility capital indebtedness is on the accrual basis. Compensated absences are treated on a pay as you go basis with no amount charged to operations in the year incurred.

Foreclosed Property -- Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds -- Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets.

General Fixed Assets -- The City has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

As required by New Jersey Statutes, foreclosed property is reported in the current operating fund of the municipality.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value on the date of acquisition. Expenditures for long lived assets with an original cost in excess of \$5,000.00 are capitalized.

YEARS ENDED DECEMBER 31, 2021 AND 2020
(CONTINUED)

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Property and equipment purchased by a Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represents charges to operations for the costs of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

Levy of Taxes -- The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August, and November. Any taxes that have not been paid by 11th day of the 11th month in the fiscal year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et. seq.

The municipality is responsible for remitting 100% of the City of Brigantine School District and the County of Atlantic taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the school district or county.

Interest on Delinquent Taxes – It is the policy of the City of Brigantine to collect interest for the nonpayment of taxes or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten day grace period.

Levy of Utility Charges – The City operates a water and sewer utility fund. Rates are determined by ordinance and changed as necessary. Water and Sewer charges are based on flat fees and usage based on the type of City. Water charges are billed semi-annually and due June and December 1st. Sewer charges are billed semi-annually and due January and July 1st.

Interest on Delinquent Utility Charges – It is the policy of the City to collect interest for the nonpayment of utility charges on or before the date when they would become delinquent. The Utility Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of charges becoming delinquent after due date and eighteen percent (18%) per annum on any amount of charges in excess of \$1,500.00 becoming delinquent after due date.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles or the statutory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Required Financial Statements

The State of New Jersey requires the following financial statements to be presented for each fund on the regulatory basis of accounting: Balance Sheet, Statement of Operations and Changes in Fund Balance, Statement of Revenue and Statement of Expenditures. These statements differ from those presented under Generally Accepted Accounting Principles, which requires a Statement of Net Position and Statement of Activities in addition to the fund financial statements.

E. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the City's financial position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the Statement of Revenue-Regulatory Basis and Statement of Expenditures-Regulatory Basis since their inclusion would make the statements unduly complex and difficult to read.

F. Recent Accounting Pronouncements Not Yet Effective

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87 "Leases". This statement, which is effective for fiscal periods beginning after June 15, 2021, may have an effect on the City's financial reporting. The effective date of this pronouncement has been postponed 18 months.

In January 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 92 "Omnibus 2020". This statement, which is effective for fiscal periods beginning after June 15, 2021, will not have any an effect on the City's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 93 "Replacement of Interbank Offered Rates". This statement, which is effective for periods ending December 31, 2021, will not have any an effect on the City's financial reporting.

In March 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 94 "Public-Private and Public-Private Partnerships and Availability Payment Arrangements". This statement, which is effective for fiscal periods beginning after June 15, 2022, will not have any an effect on the City's financial reporting.

In May 2020, the Government Accounting Standards Board (GASB) issued Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance, which provides temporary relief from certain newer accounting and financial reporting requirements to governments due to the COVID-19 pandemic. The effective date of certain Statements and Implementation Guides – through GASB Statement No. 93 and Implementation Guide No. 2019-03 – that first became effective or were scheduled to become effective for periods beginning after June 15, 2018, are not deferred by either one year or eighteen months.

In May 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 96 "Subscription-Based Information Technology Arrangements". This statement, which is effective for fiscal periods beginning after June 15, 2022, will not have any an effect on the City's financial reporting.

In June 2020, the Governmental Accounting Standards Board (GASB) issued Statement No. 97 "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32". This statement is partially effective immediately and also for fiscal years beginning after June 15, 2021. This statement will not have any an effect on the City's financial reporting.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020
(CONTINUED)

In April 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 99 "Omnibus 2022". This statement, which is effective for fiscal periods beginning after June 15, 2022, and all reporting periods thereafter, will not have any an effect on the City's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 100 "Accounting Changes and Error Corrections" an amendment of GASB Statement No. 62. This statement, which is effective for fiscal periods beginning after June 15, 2023, and all reporting periods thereafter, will not have any an effect on the City's financial reporting.

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101 "Compensated Absences". This statement, which is effective for fiscal periods beginning after December 15, 2023, and all reporting periods thereafter, may have an effect on the City's financial reporting.

NOTE 2: BUDGETARY INFORMATION

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the City is required to establish a reserve for uncollected taxes. The 2021 and 2020 statutory budgets included a reserve for uncollected taxes in the amount of \$1,263,476.32 and \$1,421,184.27. To balance the budget, the City is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2021 and 2020 statutory budgets was \$3,200,000.00 and \$2,850,000.00. In addition, the City operates a self-liquidating water and sewer utility. Under New Jersey Statutes a separate budget for the utility must be adopted concurrently with the operating budget of the City. The utility budget must be a balanced cash basis budget with fund balance being used to balance the budget. The fund balance budgeted to balance the water and sewer utility budget in 2021 and 2020 was \$508,355.00 and \$324,000.00.

NJSA 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. During 2021 and 2020, the following budget insertions were approved:

<u>Budget Category</u>	<u>2021</u>	<u>2020</u>

The City may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. As of December 31, 2021, the City did not have any special emergency appropriations.

NOTE 3: INVESTMENTS

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the local unit or school districts of which the local unit is a part of; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The City places no limit on the amount that they can invest in any one issuer.

NOTE 4: CASH

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, all demand deposits are covered by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the City in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or fund that may pass to the municipality relative to the happening of a future condition. As of December 31, 2021, \$255,956.35 of the City's bank balance of \$47,910,256.68 was exposed to custodial credit risk. As of December 31, 2020, \$231,294.10 of the City's bank balance of \$40,547,190.68 was exposed to custodial credit risk.

New Jersey Cash Management Fund – During the year, the City participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Funds are not subject to custodial credit risk as defined above. At December 31, 2021 the City's deposits with the New Jersey Cash Management Fund were \$18,161,113.47.

NOTE 11: PENSION FUNDS

Description of Plans

Substantially all of the City's employees participate in the Public Employees' Retirement System (PERS) and Police and Fireman's Retirement System (PFRS) cost sharing multiple-employer defined benefit pension plans which have been established by State Statute and are administered by the New Jersey Division of Pensions and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the system terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the systems. This report may be obtained by writing to the Division of Pension and Benefits, PO Box 295, Trenton, New Jersey 08625 or the report can be accessed on the internet at - <http://www.state.nj.us/treasury/pensions/annrpts.shtml>.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (NJSA 43:15c-1 et seq). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by NJSA 43: 15c-1 et seq. Currently there are six individuals enrolled in DCRP.

Police and Fireman's Retirement System

The contribution policy for the Police and Fireman's Retirement System (PFRS) is set by N.J.S.A. 43:16 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PFRS provides for employee contributions of 10.0% of employees' annual compensation, as defined. Employers are required to contribute to an actuarially determined rate.

Pension Plan for Lifeguards

The City of Brigantine has established a pension plan to provide retirement, disability, and survivor pension benefits for the individuals who serve on the City's lifeguard force. An eligible employee becomes a plan member upon employment. Employee contributions shall be withheld from the member's salary and contributed to plan for his benefit for his/her benefit. Retiree benefits are paid out of the current fund and charged to the current operating budget of the City. A plan member may retire with a pension only after his/her 45th birthday and after he/she has completed 20 years of service, the last 10 must have been completed immediately preceding his/her application.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provided for employee contributions of 7.50% of employee's annual compensation, as defined. Employers are required to contribute to an actuarially determined rate in PERS. The current PERS rate is 15.98% of covered payroll. The City's contributions to PERS for the years ended December 31, 2021, 2020, and 2019 were \$629,798.00, \$544,963.18, and \$571,074.20.

The contribution policy for the PFRS is set by N.J.S.A. 43:16 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PFRS provides for employee contributions of 10.0% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate. The City's contributions to PFRS for the years ended December 31, 2021, 2020, and 2019 were \$2,048,263.00, \$1,912,382.00, and \$1,840,776.00.

The total payroll for the year ended December 31, 2021 was \$12,520,306.00. Payroll covered by PFRS was \$6,778,145.00 and PERS was \$4,227,988.00.

The Lifeguard Pension provides for employee contributions of 4.00% of employees' annual compensation. The City's contributions to the Lifeguard Pension for the year ended December 31, 2021, 2020, and 2019 was \$20,000.00, \$20,000.00 and \$20,000.00. The City's trust for the Lifeguard Pension at December 31, 2021 was \$537,655.64. Currently there are eleven individuals receiving benefits. The benefits paid by the trust for the year ended December 31, 2021, 2020, and 2019 were \$69,557.88, \$66,193.61, and \$61,383.96.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PERS members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to $\frac{1}{60}$ th from $\frac{1}{55}$ th, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of

(CONTINUED)

pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

Note 12: PENSION LIABILITIES

In 2012, the Governmental Accounting Standards Board issued GASB statement 68. This statement is effective for fiscal years beginning after June 15, 2014. This statement changes the method of reporting the City's pension liabilities. However, due to the fact that the City reports on the regulatory basis of accounting, no financial statement impact will be recognized.

The following represents the City's pension liabilities as June 30, 2020:

Public Employees' Retirement System

The City has a liability of \$9,388,329.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019 that was rolled forward to June 30, 2020. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the City's proportion would be 0.05757102720%, which would be an increase of 3.20% from its proportion measured as of June 30, 2019.

For the year ended December 31, 2020, the city would have recognized pension expense of \$97,634.00. At December 31, 2020, the City would report deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected & actual experience	\$ 170,946	\$ (33,201)
Changes of assumptions	304,568	(3,930,982)

Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation rate

Price 2.75%

Wage 3.25%

Salary increases:

Through 2026 2.00% – 6.00% (based on years of service)

Thereafter 3.00% - 7.00% (based on years of service)

Investment rate of return: 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disable retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on generational basis. Mortality improvement is based on Scale MP-2019.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US equity	27.00%	7.71%
Non-U.S. developed markets equity	13.50%	8.57%
Emerging markets equity	5.50%	10.23%
Private equity	13.00%	11.42%
Real assets	3.00%	9.73%
Real estate	8.00%	9.56%
High yield	2.00%	5.95%
Private Credit	8.00%	7.59%

Cash equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Risk mitigation strategies	3.00%	3.40%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

In addition to the PFRS liabilities listed above, a special funding situation exists for the Local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a non-employer, is required to pay the additional costs incurred by Local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2020 State special funding situation net pension liability amount of \$2,005,329,818.00 is the accumulated differences between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The fiscal year ending June 30, 2020 State special funding situation pension expense of \$227,263,993.00 is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2020. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and required contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. For fiscal year 2020, the State contributed an amount less than the actuarially determined amount.

Although the liabilities related to the special funding situation are the liabilities of the State of New Jersey, the proportionate share of the statewide liability allocated to the City was 0.18334375550% for 2020. The net pension liability amount allocated to the City was \$3,676,647.00. For the fiscal year ending June 30, 2020 State special funding situation pension expense of \$416,674.00 is allocated to the City.

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued PFRS financial report.

NOTE 13 – OTHER POST-RETIREMENT BENEFITS

General Information about the Plan:

The City offers Other Post-Retirement Benefits (OPEB) to its employees through the State Health Benefit Local Government Retired Employees Plan (the Plan) a cost-sharing multiple employer defined benefit other postemployment benefit plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at:

<https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

Allocation Methodology:

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense, however under the Regulatory Basis of Accounting followed by the City these amounts are not accrued or recorded in the financial statements and the information listed in this note is for disclosure purposes only. Statewide across all member employers, the special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. For the special funding situation and the nonspecial funding situation as applicable, the Collective Total OPEB liabilities for the year ended June 30, 2019 were \$5,512,481,278 and \$12,598,993,950, respectively. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's non special funding situation during the measurement period July 1, 2019 through June 30, 2020. Employer and non-employer allocation percentages have been rounded for presentation purposes.

Special Funding Situation:

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

Net OPEB Liability:

Components of Net OPEB Liability

The components of the collective net OPEB liability of the participating employers in the Plan as of June 30, 2020 is as follows:

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020
(CONTINUED)

At June 30, 2020, the State's proportionate share for the Special Funding Situation that is associated with the City is \$26,306,452.00. The State's proportionate share attributable to the City of the Collective Net OPEB Liability for the Special Funding Situation was 0.481600% which was an increase from the prior year of 3.29%.

For the Year ended June 30, 2020, the State of New Jersey realized Total OPEB Expense in the amount of \$1,309,542.00 for its proportionate share of Total OPEB Expense that is associated with the City.

The total OPEB liability as of June 30, 2020 was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate 2.50%

Salary increases*:

PERS: Initial fiscal year applied
Rate through 2026 2.00% to 6.00%
Rate thereafter 3.00% to 7.00%

PFRS:
Rate for all fiscal years 3.25% to 15.25%

Mortality:

PERS: Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020

PFRS: Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020

* Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53% respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

Discount Rate

The discount rate for June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the Net OPEB liability as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the Net OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

NOTE 14: POST-RETIREMENT BENEFITS

Retired members of the PBA and the fire department are entitled to an annual allowance of up to \$900.00 for dental work. During 2021, the City provided post-retirement dental coverage to sixty-one (61) retired employees. In accordance with GASB Statement 75 "Accounting and Financial Reporting For Post-employment Benefits Other Than Pensions" ("OPEB") and the State of New Jersey, the City obtained an actuarial valuation of the liability for providing these benefits.

City employees are also eligible to participate in the single – employer OPEB Plan discussed below.

A retiree and their covered dependents may also receive City-paid dental and vision benefits for a period of 3 to 5 years in accordance with labor agreements if they meet any one of the following requirements:

- (1) Twenty-five (25) years or more of full-time service with the City and Twenty-five (25) years or more enrolled in the pension system; or

The Regulatory Basis of Accounting does not permit the accrual of Actuarially determined OPEB Expenses or Liabilities. The City reports all OPEB related costs on the "pay as you go" basis. The following information is for disclosure purposes only and has not been accrued in the Financial Statements of the City.

The actuarial determined valuation of these benefits has been reviewed and will be reviewed bi-annually for the purpose of estimating the present value of future benefits for active and retired employees and their dependents as required by GASB 75.

The actuarial valuation report was based on 138 total participants including 61 retirees.

Annual OPEB Cost and Net OPEB Liability

The City's annual OPEB cost represents the accrued cost for post-employment benefits under GASB 75. The cumulative difference between the annual OPEB cost and the benefits paid during a year will result in a net OPEB obligation. The annual OPEB cost is equal to the annual required contribution (ARC) less adjustment if a net OPEB obligation exists. The ARC is equal to the normal cost and amortization of the Unfunded Actuarial Accrued Liability (UAAL) plus interest.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates and assumptions about the probability of occurrences of events far into the future, including future employment, mortality and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

In the January 1, 2021 actuarial valuation, the "Entry-Age-Normal as a Percentage of Salary" method was used for all participants. The actuarial assumptions used to project future costs included a discount rate of 2.25%. In addition, the unfunded actuarial accrued liability is being amortized over the maximum acceptable period of 30 years.

NOTE 15: POST-RETIREMENT BENEFITS LIFEGUARD PENSION

The City of Brigantine has established a pension plan to provide retirement pension benefits for the individuals who serve on the City's lifeguard force. An eligible employee becomes a plan member upon employment. Employee contributions are withheld from the member's salary and contributed to the plan for his/her benefit. A plan member may retire with a pension only after his/her 45th birthday and after he/she has completed 20 years of service, the last 10 must have been completed immediately preceding his/her application. As of January 2022, the City provided post-retirement benefits to eleven (11) retired lifeguard employees. In accordance with GASB Statement 73 "Accounting and Financial Reporting for Pensions and Related Assets that are not within the scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68 and the State of New Jersey, the City obtained an actuarial valuation of the liability for providing these benefits.

The Regulatory Basis of Accounting does not permit the accrual of Actuarially determined OPEB Expenses or Liabilities. The City reports all OPEB related costs on the "pay as you go" basis. The following information is for disclosure purposes only and has not been accrued in the Financial Statements of the City.

The actuarial determined valuation of these benefits has been reviewed and will be reviewed bi-annually for the purpose of estimating the present value of future benefits for active and retired employees and their beneficiaries as required by GASB 73.

The actuarial valuation report was based on 117 total participants including 11 retirees.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates and assumptions about the probability of occurrences of events far into the future, including future employment, mortality and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

In the January 1, 2022 actuarial valuation, the "Entry-Age-Normal" method was used for all participants. The actuarial assumptions used to project future costs included a 4.00% interest rate of return. In addition, the unfunded actuarial accrued liability is being amortized over 30 years on a level percent of pay basis.

In the January 1, 2022 actuarial valuation, the plan assets were as follows:

NOTE 16: ACCRUED SICK AND VACATION BENEFITS

The City has permitted employees to accrue unused vacation and sick time, which may be taken as time off or paid at a later date. Personal time accrued during the year must be used during that year and does not accrue.

Upon termination or retirement, unused earned vacation hours are paid out in total at the employees' current hourly rate, sick time payouts vary with the different bargaining units and are determined by contractual agreements and hire dates as follows:

- Hired prior to May 22, 2010 - The majority of the sick time liability lies within the police and fire departments. Police and Fire employees having more than \$50,000 in accrued sick time will be capped at 9 months of their salary as of January 1, 2015. All other employees with \$50,000 or less in accrued sick time will be capped at the greater of \$50,000 or the dollar value of the hours accrued.
- Hired after May 22, 2010 – Sick time payout for all employees is capped at a payout of \$15,000.

The total monetary value of these earned and unused employee benefits has not been accrued by either charges to operations or to budgets of prior years, although in some cases they might be material, since the realization of this liability may be affected by conditions which preclude an employee from receiving full payment of the accrual. The City has been providing in the budget amounts to cover anticipated payouts during the budget year. At December 31, 2021, the City estimates this liability to be approximately \$4,060,960.70 based upon 2021 pay rates and compensated balances.

NOTE 17: ECONOMIC DEPENDENCY

The City of Brigantine is not economically dependent on any one business or industry as a major source of tax revenue for the City.

NOTE 18: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The City maintains commercial insurance coverage for property, liability and surety bonds. During the year ended December 31, 2021 and 2020 the City did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The City is a member of the Atlantic County Joint Insurance Fund (JIF) and the Municipal Excess Liability Fund (MEL) which also includes other municipalities throughout the region. The City is obligated to remit insurance premiums into these funds for sufficient insurance coverage. There is an unknown contingent liability with the Atlantic County Municipal Joint Insurance Fund if there is a catastrophic insurance claim from any member of the fund. The City has a general liability limit of \$100,000 under JIF, which increases to \$5,000,000 under MEL.

NOTE 19: DEFERRED COMPENSATION

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. In 1998 the City of Brigantine amended the plan by resolution to comply with a private letter ruling of the Internal Revenue Service that requires assets of deferred compensation plans be held in trust under the beneficial ownership of the Trustee, (City of Brigantine) serving as Trustee, for the exclusive benefit of the plan participants and their beneficiaries, and that the assets shall not be diverted to any other purpose. The plan administrators are Hartford, Aflac, AXA Capital and Valic.

NOTE 20: INTERFUND BALANCES

During the most current calendar year ended December 31, 2021, the following interfunds were included on the balance sheets of the various funds of the City of Brigantine:

	Due From	Due To
Current Fund:		
General Capital	\$ 268.60

	\$ <u>1,140.07</u>	<u>1,140.07</u>

The balances are primarily the result of disbursements made from the various funds which were not reimbursed prior to year end.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020
(CONTINUED)

NOTE 21: CONTINGENT LIABILITIES

From time to time, the City is a defendant in legal proceedings relating to its operations as a municipality. In the best judgment of the City's management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

NOTE 22: FEDERAL AND STATE GRANTS

In the normal course of operations, the City received grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement that may arise as a result of these audits is not believed to be material.

NOTE 23: SUBSEQUENT EVENTS

The City has evaluated subsequent events through August 31, 2022, the date which the financial statements were available to be issued. The following event was identified:

Subsequent to December 31, the City of Brigantine authorized additional Bonds and Notes as follows:

<u>Purpose</u>	<u>Date</u>	<u>Amount</u>
Bonds and Notes:		
Reconstruction of the Public Works Building	Introduced: April 6,2022 Adopted: April 20,2022	 <u>\$ 2,375,000.00</u> \$ 2,375,000.00

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTER BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and
Members of the City Council
City of Brigantine
County of Atlantic, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements – regulatory basis, as listed in the accompanying table of contents, of the City of Brigantine, State of New Jersey, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated August 31, 2022, which was adverse due to being presented in accordance with the New Jersey Regulatory Basis of Accounting. Our report disclosed that, as described in Note 1 to the financial statements, the City of Brigantine prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey.

Report Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT
ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE & NJ OMB 15-08

The Honorable Mayor and
Members of City Council
City of Brigantine
County of Atlantic, New Jersey

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal Program

We have audited the City of Brigantine's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and NJ OMB 15-08 that could have a direct and material effect on each of Brigantine's major federal and state programs for the year ended December 31, 2021. The City of Brigantine's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Brigantine complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and NJ OMB 15-08. Our responsibilities under those standards, OMB Circular Uniform Guidance and NJ OMB 15-08 are further described in the Auditor's Responsibilities for the Audit of Compliance section of this report.

We are required to be independent of City of Brigantine and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of City Brigantine's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to its Federal and State programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Brigantine's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and NJ OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Brigantine's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Brigantine's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Brigantine's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of City of Brigantine's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a

material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE EXPENDITURES OF
FEDERAL AWARDS FINANCIAL ASSISTANCE
YEAR ENDED DECEMBER 31, 2021**

Note 1: General

The accompanying schedule of federal awards includes the federal grant activity of the City of Brigantine, State of New Jersey and is presented on the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles. Encumbrances are considered in determining single audit threshold on major programs. The City has elected not to use the 10% de minimis indirect cost rate.

Note 2: Relationship to General Purpose Financial Statements

Amounts reported in the accompanying schedule do not agree with amounts reported in the City's financial statements. Receipts from Federal grants are realized as revenue when anticipated in the City's budget. Expenditures are recognized when they become payable. Following is a reconciliation of expenditures:

CITY OF BRIGANTINE

PART II

GENERAL COMMENTS AND FINDINGS AND RESPONSES

FOR THE YEAR ENDED

DECEMBER 31, 2021

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. Effective July 1, 2020, pursuant to subsection b. of section 9 of P.L. 1971, c. 198 (C.40A:11-9), the governing body can establish the bid threshold at \$44,000 with the appointment of a qualified purchasing agent. The City adopted the bid threshold of \$44,000.

The governing body of the City of Brigantine has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in a violation of the statute, the City Counsel's opinion should be sought before a commitment is made.

Our examination of expenditures did not reveal any payments in excess of the bid threshold for the provision or performance of any goods or services, other than those where bids had been previously sought by public advertisement, awarded under state or county cooperative purchasing agreements, or awarded in compliance with other provisions of the "Local Public Contracts Law," N.J.S.A. 40A:11.

The minutes indicate that bids were sought by public advertising for the following items:

- Resurfacing of Tennis Courts and Various Court Improvements
- Reconstruction of Sheridan Boulevard from Vardon Road to Sarazen Road
- Alarm Monitoring, Testing and Service
- Road Materials
- Rehabilitation of Skateboard Park
- HVAC Maintenance, Service and Repairs
- Removal and Replacement of Existing Roof at Brigantine Rowing Club
- Disposal Service for Recycling and Solid Waste Containers
- Maintenance, Service and Repairs of Water Wells, Sewer Lift Stations, and Storm Pump Stations
- Electrical Services
- Portable Sanitation Units
- Revitalization of West Brigantine Avenue from 30th Street to 35th Street
- Sodium Hypochlorite
- Demolition and Removal of Existing Buildings
- Various Drainage Improvements and Reconstruction of a portion of Revere Boulevard

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" as required by N.J.S. 40A:11-5.

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the City Council of the City of Brigantine, in accordance with Chapter 75, New Jersey Laws of 1991, and N.J.S.A. 54:4-67, 54:5-32, 54:5-34 and 54:5-35, which authorizes the Governing Body inter alia to fix the rate of interest to be charged, in the City of Brigantine, for the nonpayment of taxes, assessments and municipal charges, said rate of interest shall be and is hereby fixed at 8 per cent per annum on the first \$1,500 of delinquency and 18 per cent per annum on any amount in excess of \$1,500 to be calculated from the date when the taxes, assessments and charges become delinquent.

BE IT FURTHER RESOLVED by the City Council of the City of Brigantine, in accordance with N.J.S.A. 54:4-67, Chapter 75, New Jersey Laws of 1991, and Chapter 32, New Jersey Laws of 1994, which permits a 6 per cent penalty on taxes and municipal charges greater than \$10,000 as of the close of the fiscal year, that said end-of-year penalty shall be fixed for the year.

It appears from an examination of the Collector's records that interest was charged in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>Year</u>	<u>Number</u>
2021	7
2020	7
2019	8

It is essential to good management that all means provided by the statutes be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent taxes and charges as well as current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2021 and 2022 Taxes	25
Delinquent Taxes	5
Payment of Water and Sewer Rents	25
Delinquent Water and Sewer Rents	25
Total	<u>80</u>

As of the date of this audit report, all verifications have not been returned. However, no problems were noted with those that have been returned.

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

Uniform Construction Code

The City of Brigantine's construction code official is in compliance with uniform construction code rules NJAC 5:23.17(b) 2 and NJAC 5:23.4.17(b) 3.

Deposit of Municipal Funds

N.J.S.A. 40A:5-15 states:

"All moneys, including moneys collected by taxation, received from any source by or on behalf of any local unit or any board or department thereof shall, within 48 hours after the receipt thereof, either:

- a. be paid to the officer charged with the custody of the general funds of the local unit, who shall deposit all such funds within 48 hours after the receipt thereof to the credit of the local unit in its designated legal depository, or
- b. be deposited to the credit of the local unit in its designated legal depository."

Our examination revealed that municipal funds were deposited within the mandated time.
